

B-Series Residential Deadbolts

The B-Series Residential Deadbolt that provides Grade 1 security, more style and is designed to install in a snap.

Enhanced Security

- ANSI/BHMA Grade 1 product performance
- Increased latch/bolt size offers maximum kick-in resistance
- Exclusive patented Schlage design
- Anti-pick shield protects against hammer and crowbar attacks

Faster, Easier Installation

- 3-piece assembly
- Installs in half the time
- SNAP & STAY™ feature allows deadbolt to snap into place for quicker installation

Sleek, Low Profile Design

- Larger thumbturn is easier to grip
- Contoured edges for added style

*B60 Deadbolt
619 Satin Nickel*

Markets

- Apartment Communities
- Assisted Living Communities
- Student Housing
- Light Commercial
- Single Family Homes, Condominiums and Town Houses

The Schlage Security Advantage

Three-piece design

Ready to go out of the box for quick installation

Sleek

Low profile face is almost impossible to grab with a wrench and cannot be unscrewed

Versatile

Shield is easily removed to fit 1-1/2" cross-bore prep

Tougher

Thicker metal strike reinforcer has 3" screws for greater strength in the jamb

Rounded

Radius corners on strike plate for more attractive installation. 1-1/8" x 2-3/4" round corner strikes come standard

Bigger

Bolt diameter is 10% larger than typical bolts for maximum kick-in resistance

Secure

Integrated anti-pick shield with SNAP & STAY™ self-adjusting tension provides added security and simplifies installation

Required

1" door prep required for larger bolt housing

UL Listed

Optional 3-hour UL Listed fire cup/latch available

Streamlined

Deep drawn housing delivers a seamless piece of steel from beginning of helix to back of bolt for maximum latch/bolt reliability. Fits both 2-3/8" and 2-3/4" backsets

Code Compliant

ADA compliant thumbturn

Unprecedented

Adjustable backset has the industry's only helical design that locks into place with no adjusting during installation. Fits both 2-3/8" and 2-3/4" backsets

Stronger

1/2" of bolt left in housing when bolt is thrown for added kick-in resistance

Solid

Zinc bolt has hardened steel pin inside that spins in response to sawing attack and can't be cut through

B80

Designed to fit virtually any door

Standard door prep for B-Series installation.

Strike reinforcement plate with 3" screws provides maximum resistance to kick-in attacks.

NEW

A choice of four different strike plates makes the B-Series ideal for use on a wide variety of door preps.

*Comes in standard configuration.

Available Functions

- B60 - Single cylinder deadbolt
- B62 - Double cylinder deadbolt
